Computer Science Undergraduate, VIT Bhopal University

Summary

Computer Science undergraduate at VIT Bhopal (CGPA 8.46/10) learning data structures, algorithms, and full-stack development. Has built and deployed several projects end-to-end, completed internships in both web development and applied AI, and competed in multiple hackathons, including as a semi-finalist at the ET GenAI Hackathon.

Education

VIT Bhopal University B.Tech in Computer Science and Engineering — CGPA: 8.46/10	2023 – 2027
Dayawati Modi Academy, Meerut Class XII (CBSE) — 82.8%	2023
Dayawati Modi Academy, Meerut Class X (CBSE) — 91.2%	2021

Skills

Programming: Python, C++, JavaScript, SQL, HTML, CSS

Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS basics

Frameworks & Tools: Flask, React, Git, GitHub, AWS, VS Code

AI/ML: Pandas, Scikit-learn, Machine Learning, Generative AI, Streamlit

Experience

AI Intern — Microsoft, Edunet Foundation & AICTE May – Jun 2025
View Certificate

- Spent 4 weeks on applied AI and machine learning, working through real datasets and model training.
- Built and tuned predictive models with Scikit-learn, improving accuracy through feature engineering.

Web Development Intern — VaultofCodes.in Apr – May 2025
View Certificate

- Built and deployed full-stack web apps using Flask and React.
- Integrated REST APIs and improved UI/UX responsiveness.

Open Source Contributor — GSSOC & Hacktoberfest 2024 – 2026
View Profile | Open Source Connect Global 2026

- Added features and fixed bugs across open-source repos; participated in Open Source Connect Global 2026.

Projects

CostIntel AI

GitHub | Live Demo

- Built an AI-powered cost analysis platform that turns raw data into insights and optimization suggestions.
- Designed for real-time data processing using a modern full-stack architecture.

MedTrack: AI Health Assistant

GitHub | Live Demo

- Built a Flask-based health assistant with medication tracking, automated reminders, and an AI chatbot.
- Added OCR for prescription scanning to automate data entry.

Personal Portfolio Website

GitHub | Live Demo

- Designed and deployed a responsive portfolio to showcase projects and technical skills.

Achievements

Semi-Finalist — ET GenAI Hackathon

View Certificate

- Selected as a semi-finalist among a competitive pool of teams for building an applied generative AI solution.
- Also participated in other hackathons, building and presenting projects under time constraints alongside a team.

Certifications

- Supervised Machine Learning: Regression and Classification
- Oracle Certified Foundations Associate
- IBM Generative AI Certification
- Google – Bits and Bytes of Computer Networking
- Cisco – Introduction to Data Science
- McKinsey Forward Program
- NPTEL – Introduction to Machine Learning

Extracurricular Activities

President — Frontiers Welfare Society

View Certificate

- Led 30+ volunteers and organized initiatives impacting 500+ people.

Co-Lead — Eureka Club, VIT Bhopal

View Certificate

- Organized hackathons and technical events for 300+ participants.

Founder — YouWare Community

Profile

- Built a community focused on AI, coding, and collaboration.
